M

Help support duPont Manual Women's Athletics and enhance your business's awareness.
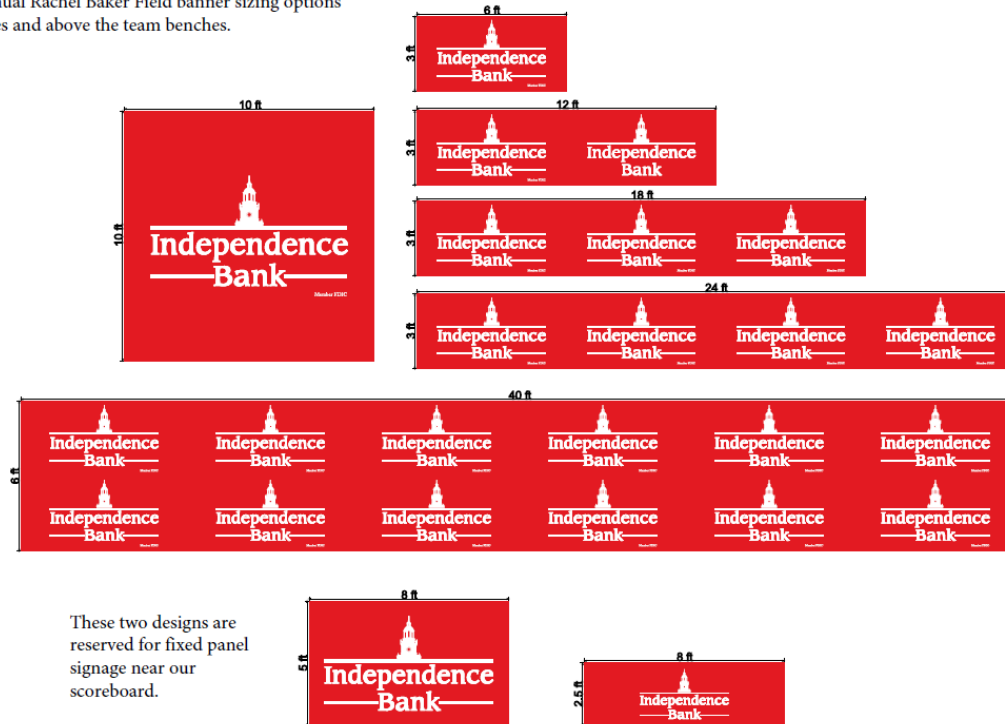

For the 2024 Spring Lacrosse season, our gates will be open to public spectators and we will be hosting public and private high schools from across the Louisville region. For you, that means a lot of parents, students, and spectator impressions from your marketing and civic spend. duPont Manual is one of the top high schools in the nation (as cited by U.S. News and World Report) with a diverse student body pulled from across the county. Our students, teachers, administrators, parents, alumni, and you – our community stakeholders – are key to that excellence.

We are offering several sizing options for banners this year to better accommodate your preferences and design expectations. Please reach out to dmlaxtreasuer@gmail.com or call your Booster Club contact to learn more about our program. Long-term permanent signage options are also available in addition to specific event sponsorship.

Signarama Northeast Louisville
The way to grow your business.
